

Imprivata Confirm ID certification program

Maximum participants: Up to five participants.

Audience: IT Project Owner, Enrollment Supervisors, Appliance Administrator, Network Administrator, EHR Administrator.

Required pre-work: Completion of approximately one hour of online self-paced training.

Format: Blended learning approach combining instructor-led training with eLearning.

Length: 2 days

Overview

This two-day, instructor-led program along with our blending learning approach using online courses is designed to provide the knowledge needed to make educated choices about the configuration and maintenance of Imprivata Confirm ID.

Attendees who successfully complete all course requirements including passing the certification exam will earn Imprivata Confirm ID Certified Administrator status, valid for one year.

Agenda

Note: Some topics will differ depending on products available in your region.
