

Imprivata OneSign on-site application profiling program

Maximum participants: Up to five people.

Audience: Application Administrator, IT Project Owner.

Required pre-work: Completion of approximately one hour of online self-paced training.

Format: Blended learning approach combining instructor-led training with online instruction.

Length: 2 days

Overview

This on-site, two-day course leverages base knowledge of the Imprivata OneSign platform and provides a deep dive into the capabilities of the Application Profile Generator. Course work includes hands-on workshops, exercises, discussions, and demos to create, deploy, and manage profiles. Intended for existing customers with Imprivata OneSign administration experience.

No certification is associated with this program.
